

MADE IN ITALY

The 2.5mm high-carbon steel spring is made vertically and horizontally its personalized design perfectly allocates the pressure of human body, maintains the curve of body and ensures high-quality sleep.

The multi-purpose balancing net thoroughly eases fatigue by allocating balancing force on human body.

The imported natural coil with perfect ventilation appropriate softness, allows you to extend yourself as much as possible.

The fleecy resin cotton and high density soft foam increase the comfort of the mattress.

The top-graded imported prints together with the specially-designed small starfish pattern and four golden air holes outstand the elegance of the whole mattress.

Superior Quality

Superior Quality. Give Healthy Sleeping To You
Good Life From Good Sleep

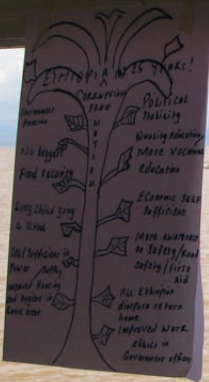

more freedom of expression
